

## **Final Pitch Presentation Content**

1. **Introduction**
  - Project title
  - Purpose of the project
2. **Problem statement and background**
  - Problem description
  - Significance
  - Background
3. **Gap analysis**
  - Existing solutions
  - Limitations
  - Proposed solution
4. **Objectives and research questions**
  - Main objective
  - Specific objectives
  - Research questions
5. **Methodology**
  - Data collection
  - Data preprocessing
  - Techniques and tools
  - Models
6. **Analysis and findings**
  - Visualizations
  - Model performance
  - Insights
7. **Recommendation**
8. **Challenges and limitations**
9. **Impact and future work**
10. **Conclusion**
